

# FRP 100

**FRP 100** is the environmental choice for many applications, made with 100 percent post-consumer waste. This highly versatile product, available in two versions, is suitable for offset and digital printing applications. In addition to its environmental benefits, **FRP 100** has built-in durability that allows it to perform well in high-speed laser print applications. Contact a CellMark representative for more product information.
